Identifying and Addressing Developmental-Behavioral Problems: A Practical Guide for Medical and Non-Medical Professionals, Trainees, Researchers and Advocates

Frances P. Glascoe, Kevin P. Marks, Jennifer K. Poon, Michelle M. Macias (Editors)
Nolensville, Tennessee: PEDStest.com, LLC, 2013. \$119.95 www.pedstest.com (563 pp)

This indispensable textbook tackles the most onerous challenge in primary care: How to actually implement quality developmental-behavioral care in busy clinics.

Chapters Include:

- Background and rationale for developmental-behavioral screening and surveillance
- Effective techniques for training emerging professionals
- Measuring training effectiveness including pre-/post-test measures
- Methods for improving collaboration across agencies and disciplines
- How to advocate for improved child health services
- Collaborating with families and delivering difficult news
- Working with bilingual/dual language learners, school-aged children, families at-risk and other unique populations
- Implementation strategies for primary care clinics
- National and international models for prevention, early detection, intervention and collaboration
- Test construction, translations, research and advocacy
- Evidence-based, age-specific encounter forms for preventive health visits
